SUMMARY

Skilled Software Engineer with experience in Java, JavaScript, React, PHP, Django, and MySQL, with hands-on experience in debugging, database analysis, and developing web applications. Proficient in building responsive user interfaces and integrating RESTful APIs. Currently enhancing expertise in AI to adapt and contribute more efficiently.

SKILLS

Languages	Java, JavaScript, C, PHP, Python (Basic), SQL
Backend:	Spring Boot (Hands-on Learning), Django, PHP, REST APIs
Frontend:	React, HTML, CSS, Bootstrap, Tailwind CSS
Database:	MySQL, Firebase
Tools:	Git, GitHub, Postman, ServiceNow/Jira, VS Code
Methodologies:	Agile / Scrum

WORK EXPERIENCE

Engineer – Tata Consultancy Services (TCS) March 2025 - present

- Analyzed and resolved 7+ production incidents by reviewing application logs and executing SQL queries for troubleshooting.
- Collaborated with development teams to identify root cause, implement and code review fixes.
- Contributed to code optimization by suggesting improvements and refactoring reusable components.
- Enhanced logging and monitoring mechanisms, improving traceability and reduction of issues by 40/
- Supported deployment and release activities within an Agile/Scrum environment.

EDUCATION

2024	Bachelor's Degree at Karnataka University Dharwad	(9.34 CGPA)
2021	Class 12th Department Of Pre University Education	(85.5 %)
2019	Class 10th Karnataka Secondary Education Examination Board	(86.56 %)

PROJECTS : [LINK TO DEMO](#)

- NoteKeeper – React and Firebase: Developed a full-stack note management application with CRUD functionality and real-time database synchronization.
- Car Rental Management System – PHP and MySQL: Built a full-stack web application with authentication, admin panel, and vehicle booking features.
- Hospital Management System – Django: Developed a backend-driven web application to manage hospital departments and patient appointments.
- Weather Application – React and REST API: Integrated external APIs to display real-time weather information with dynamic search functionality
